

2023 Youth Addendum Survey Reference Sheet

This form should be completed for any unaccompanied youth under the age of 25 (born after January 24, 1998). It must be attached to the Standard Surveys completed for the respondent, unless the respondent is staying in a shelter. Please be sure to fill out ONE survey/form for EACH person surveyed and ask/answer EVERY question.

Begin with the following script: *“In addition to the questions we just asked today, we are also asking youth some additional questions to better understand their housing status. It is up to you whether you want to participate and your answers will not be shared with anyone outside of our team. If you choose not to respond, it will not prevent you from accessing any services you might be eligible for.”*

If respondent answers “yes”, begin the survey. If they answer “no”, thank them for their time and move on.
